ABOUT US.

RCFM, established in 2009, is a leading multi-disciplinary construction and fabrication company, dedicated to delivering excellence across the civil, structural, and interior domains.

We specialize in Civil Construction, offering end-to-end services for commercial building, Pub's Hospitality and residence projects. Our Fabrication Division provides robust and customized solutions including external lift structures, mezzanine floors, metal scaffolding, and factory/-godown sheds, all engineered to meet the highest safety and durability standards.

With over a decade of proven expertise, we have earned a strong reputation for quality, innovation, and reliability.

Our Interior & Execution Services are tailored to transform spaces into functional and visually captivating environments.

Whether it's homes, corporate offices, hospitality venues, hotels, or restaurants, our team brings together creativity, craftsmanship, and attention to detail to enhance every square foot.

At **RCFM**, we are driven by a passion for precision, a commitment to timelines, and a vision to create spaces that endure and inspire. Our integrated approach, skilled workforce, and client-centric ethos make us a preferred partner for forward-thinking construction and interior projects.

VISION

RCFM, our vision is to become a leading and trusted name in the fields of civil construction, fabrication, and interior solutions. We aim to set benchmarks in quality, innovation, and customer satisfaction by creating infrastructure and spaces that are not only functional and durable but also inspiring and future-ready.

MISSION

Our mission is to deliver end-to-end solutions in civil construction, metal fabrication, and interior execution with a strong commitment to quality, safety, and timely execution. We strive to integrate modern technologies, skilled craftsmanship, and client- focused practices in every project.

Through our dedication to excellence and transparent communication, we aim to build long-term relationships with our clients and contribute meaningfully to the development of sustainable and efficient environments.

WHY CHOOSE US

RCFM, we bring a decade of proven expertise in delivering high-quality solutions across civil construction, structural fabrication, and interior design.

Our multidisciplinary approach allows us to manage diverse projects with precision, ensuring consistency, efficiency, & exceptional outcomes from start to finish. Whether it's a large-scale industrial build or a bespoke interior project, we are equipped to handle every challenge with technical excellence and creative insight.

We understand that every project has unique requirements, and we take the time to design tailored solutions that align with each client's objectives, functionality goals, & aesthetic vision. From external lift structures and mezzanine floors to modern interior spaces for homes, offices, hotels, and hospitality environments—our work reflects innovation, attention to detail, and long-lasting performance.

Timely execution is a cornerstone of our service promise. We plan meticulously, coordinate effectively, and adhere strictly to project timelines without compromising on quality. Our transparent and collaborative approach keeps clients informed at every stage, fostering trust and long-term partnerships.

Choosing RCFM means choosing a company that stands for integrity, innovation, and uncompromising quality. We don't just build structures—we build trust, reliability, and spaces that serve and inspire for years to come.

CIVIL CONSTRUCTION SERVICES

RCFM, we offer comprehensive civil construction services that form the backbone of robust infrastructure development.

With a focus on precision engineering, quality materials, and timely execution, we deliver end-to-end civil solutions tailored to residential, commercial, and industrial requirements.

Our civil services cover everything from site development and structural work to foundation laying, concrete works, brickwork, RCC construction, flooring, boundary walls, and road work.

Every project is meticulously planned and executed under the supervision of experienced engineers and skilled labor, ensuring structural stability, safety, and durability.

— Civil Construction

Whether it's a standalone residential building, an industrial facility, a commercial complex, or infrastructure development, our team adheres strictly to industry standards and project timelines. We work closely with clients, architects, and consultants to bring their vision to life—within budget and beyond expectations.

With over a decade of experience, RCFM is trusted for delivering reliable, scalable, and cost-effective civil construction solutions. Our commitment to quality, innovation, and professionalism makes us a preferred partner for projects of all sizes.

SERVICES

01

COMMERCIAL

RCFM specializes in delivering high-quality civil construction services for commercial spaces, including office complexes, retail outlets, shopping malls, and business parks. We focus on creating functional, aesthetically appealing, and durable structures that align with your business goals. From concept to completion, our team ensures that every commercial project meets industry standards, maximizes space utility, and enhances long-term value.

02

PUB'S

We understand that pubs require a unique blend of structural strength, design innovation, and customer-centric layout. At RCFM, we construct and renovate pubs with a focus on ambiance, space optimization, and compliance with safety regulations. Our expertise ensures that your establishment not only meets operational needs but also provides a welcoming and vibrant environment for patrons.

03

HOSPITALITY

RCFM delivers tailored construction solutions for the hospitality sector, including hotels, resorts, banquet halls, and restaurants. We combine architectural excellence with functionality to create spaces that offer comfort, style, and efficiency. Every hospitality project we undertake is designed to leave a lasting impression on guests while meeting the operational demands of the business.

04

RESIDENCE

From luxurious villas to modern apartments, RCFM builds residential properties that combine elegance, comfort, and durability. We work closely with homeowners, architects, and designers to ensure each project reflects the client's personal style while maintaining structural integrity and compliance with all building codes. Our residential construction services cover everything from foundation to finishing, delivering homes that stand the test of time.
